

Remarks and Statement Pursuant to 37 C.F.R. § 1.825

A substitute paper copy and CRF of the Sequence Listing are enclosed herewith. The substitute Sequence Listing substitute paper copy is identical to the substitute Sequence Listing CRF. The substitute Sequence Listing is filed to include the sequences contained in the specification that were inadvertently omitted in the original CRF. SEQ ID NOS: 11 and 12 are two single chain bradykinin analogs joined by a linker forming a heterodimer. Support for the amendment is found in the specification at page 9, lines 21-22; page 33, and lines 3 - 5. No matter is added.

The Substitute Sequence Listing filed herewith includes no new matter. The content of the substitute Sequence Listing in computer readable form is the same as the substitute Sequence Listing paper copy submitted herewith.

No fee is believed to be required. However if a fee is due, kindly charge deposit account number 50-0573.

Respectfully submitted,

ALVIN H. SCHMAIER, et al
